The Government of India has launched The National Rural Livelihoods Mission (NRLM) under the Ministry of Rural Development (MoRD). The Mission aims at creating efficient and effective institutional platforms of the rural poor enabling them to increase their household income through sustainable livelihood enhancements and improved access to financial and public services. The agenda is to mobilize the rural BPL households into self- managed, federated institutions and support them for livelihood collectives. In addition, the poor would be facilitated to achieve increased access to their rights, entitlements and public services, diversified risk and better social indicators of empowerment.

Further to these objectives, the Government of Maharashtra has constituted the Maharashtra State Rural Livelihoods Mission, registered under the Societies Act 1860. Financial inclusion, as defined by the Reserve Bank of India, is providing access to appropriate financial products and services to the most vulnerable group of the society in a fair, transparent and cost-effective manner by the mainstream financial institutions. Making poor the preferred clients of the banking system is core to the MSRLM financial inclusion strategy. Mobilizing bank credit is crucial for accomplishing investment goals under NRLM. The role of banks commences right from the inception of the program. The banks shall open savings accounts for all program beneficiaries, SHGs and their federations (unregistered/registered) and facilitate a full range of banking services including savings, credit and remittances.
